

Black History Month

Race, Racism, & Racial Equity: 12th Grade Thrively Lesson

Presented by the
AUHSD Black Lives Matter
Task Force

Hello Class!

February is Black History Month. Since August of 2020, the AUHSD Black Lives Matter (BLM) Task Force has been at work, addressing a variety of issues related to racial justice in our district. In an effort to bring the concepts of racial justice to the forefront of your education during Black History Month, the BLM Task Force created a lesson for all 12th graders to help you explore and think critically regarding concepts of race, racism, and racial equity. While this topic may feel sensitive for some, it is a crucial part of Civic Engagement that we value in the AUHSD. You will access the lesson through your Thrively account. If you are interested in engaging in deeper conversation about how you can apply the lesson to your everyday life, please attend the BSU Leadership Summit on Saturday, March 4, 2023 - [sign up here!](#)

**Step 1:
Go to this link!**

<https://www.thrively.com/lesson/detail/systemic-racism?sharer=1515152>

Step 2: Log in

You will be prompted to log in. You may see a logo for another school, but click “Google” to log in using your school account, and it will take you to your school’s lesson.

If it is your first time logging in to Thrively, you may need to answer a few questions first before you can view the lesson.

Step 3: Complete the self-paced lesson.

This is the lesson
you should see:

Lesson : Systemic Racism: Behind the Data

Systemic Racism: Behind the Data

Overview:
In this lesson students will see data that shows how generations of systemic racism have led to educational and economic disparities and how it affects Black people negatively. After evaluating this data, students will discuss their own beliefs and propose how they would...

Skills: Self-Awareness, Empathy, Social Awareness, Critical Thinking, Compassion, Self-Management, Self-Esteem, Responsible Decision Making, Identity-Awareness, Data Interpretation, And Respect

Age: 14 - 20 | Duration: 30 min

Assign to Students

Overview Progress Report

Exercise 1: The Numbers

Choose one piece of data that stood out to you the most. Why did you choose that data?

**Please take time to
thoughtfully reflect on each
question.**

This lesson is designed to help you explore and think critically about concepts such as race, racism, and racial equity, which can be a challenging topic. Inappropriate comments or remarks will be identified for correction.

After you've submitted
the Thrively lesson,
check out the
upcoming Black History
Month events! There are
lots of community
service opportunities!

The image shows a circular calendar for February 2023. The month is written vertically along the left edge. At the top, there's a blue circle containing text about Thrively lessons. Below that, a yellow circle contains text about events. A large orange circle at the bottom right contains information about community service hours. The AUHSD Black Lives Matter Task Force logo is in the top right corner.
