Morning,

The pleasure was all mine! I did want to follow up as I finally had a chance to check in with our Director of Equity, Diversity, and Education, Dr. Cherissa Gibson. As we proceed forward with any initial staff training, she is requesting to join in! I believe this is a great starting point for our education, not just as a school but, district wide. To that end, wondering if we can work to get something on the books for a one hour professional development for the initial team that will be supporting [REDACTED]. Sam- let me know of a date in May that might work for you? We can pull our team together then. Our school days currently end at 3:00 so we, per contract, could hold an initial meeting with our group from 3-3:50. For this first PD, I would love to include our school counselor, nurse, psychologist, [REDACTED] proposed K teacher and our special area staff (5 of them). Let me know!

Best,  
Stephanie
