Sam,

I hope you are doing well. I am writing to provide an update on our planned professional development session scheduled for January 28th. Due to various issues associated with mitigating and managing the impacts of Covid-19 in schools, I will need to reschedule the planned sessions to a later date. We will not be able to facilitate the sessions on Jan. 28th as planned. I will be in touch as soon as I have a new date and time. I appreciate your understanding and flexibility.

Sincerely,

Sam,

Thank you for your patience while I worked out details on my end. I would like to schedule the following virtual sessions:

I would like the focus/title of the presentation to be Supporting Transgender and Gender Expansive Students. This directly aligns to our policy linked [here](#) for your reference.

Secondary Faculty (Grades 6-12) - 9:00am to 10:00am

Elementary Faculty (Grades K-5) - 10:30am-11:30am

Also, please send an invoice to my attention for \$1,200. Please let me know if you have any questions.

Sincerely,

Hi Cherrissa

Wonderful to hear from you! Thanks so much for reaching out.

I can absolutely do two separate sessions for elementary and secondary staff (I find it actually works really well to do separate sessions since different questions will come up from each group). I looked at my calendar and Jan 28 is completely open for me so if you want to let me know times you were thinking, I can place a hold on my calendar.

For cost, our program is donation based so we leave it up to schools to determine what is feasible in their budget. We can provide an invoice if needed.

Please let me know if you have any other questions (or if I missed anything)

Best

Sam,

I hope you are doing well. You may recall that we met at the end of the 2020-2021 school year with a small group of educators and you presented information on supporting transgender and gender expansive students. If possible, I would like to schedule two 1 hour virtual sessions for our educators (1 hour for secondary educators and 1 hour for elementary educators) where you can present the information on supporting transgender and gender expansive students that you shared with the small group previously. Below are a few questions:

- Are you available to provide the training described above with some tailoring to the respective grade levels?
- What, if any, is the cost would be associated with the presentation?
- Would you be available to present the two 1 hour sessions on January 28, 2022? We have a non-student day on this date and would be ideal to schedule the two separate sessions, perhaps an afternoon and morning session.

I look forward to hearing from you.

Sincerely,

Hi Dena

I have training I'm hosting that day from 12:30-1:30pm – any chance for another time that day or a different date?
