Good Morning

I wanted to share an update from workgroup members Sari Stevens and Arissa Brown from Planned Parenthood. Starting this month two Planned Parenthood locations will offer transgender health services, a location in Center City Philadelphia and a location in Pottstown, PA. Attached is the press release and more information about their program. Dr. Levine and I had a chance to visit their Philadelphia location prior to the launch and we were very impressed with the significant planning, training and care they took in developing their program.
