Sam,

I hope you are doing well. You may recall that we met at the end of the 2020-2021 school year with a small group of educators and you presented information on supporting transgender and gender expansive students. If possible, I would like to schedule two 1 hour virtual sessions for our educators (1 hour for secondary educators and 1 hour for elementary educators) where you can present the information on supporting transgender and gender expansive students that you shared with the small group previously. Below are a few questions:

- Are you available to provide the training described above with some tailoring to the respective grade levels?
- What, if any, is the cost would be associated with the presentation?
- Would you be available to present the two 1 hour sessions on January 28, 2022? We have a non-student day on this date and would be ideal to schedule the two separate sessions, perhaps an afternoon and morning session.

I look forward to hearing from you.

Sincerely,

*Dr. Cherrissa Gibson (she/her/hers)*  
Director of Equity, Diversity & Education  
Pennsbury School District

Hi Cherrissa

Wonderful to hear from you! Thanks so much for reaching out.

I can absolutely do two separate sessions for elementary and secondary staff (I find it actually works really well to do separate sessions since different questions will come up from each group). I looked at my calendar and Jan 28 is completely open for me so if you want to let me know times you were thinking, I can place a hold on my calendar.

For cost, our program is donation based so we leave it up to schools to determine what is feasible in their budget. We can provide an invoice if needed.

Please let me know if you have any other questions (or if I missed anything)

Best

Sam
