## “A NEW DAWN FOR LIBRARIES NATIONWIDE - Revolutionizing Libraries: The World Library Association Emerges as a Game-Changer in Nationwide Library Services, Championing Librarians and Empowering Communities”

FOR IMMEDIATE RELEASE:

**[BEE CAVE, TX]** The World Library Association (WLA), the second nationwide library association, is excited to announce its grand opening on Monday, July 24, 2023. The WLA, a collaborative effort of librarians, board members, journalists, and citizen groups, is committed to revolutionizing library services by providing best practices that serve communities and librarians alike.

The WLA will foster safe environments for librarians, curate valuable reading materials for children, and maintain a public space that promotes information literacy and political neutrality. It will also provide a comprehensive database of laws and legal cases pertinent to libraries, with a focus on the Freedom of Information Act (FOIA). The WLA will stand with parents in legal battles for defending their children in school libraries, offering financial support and active assistance.

The WLA is more than a new library association; it's a promise of a brighter future for libraries across the nation. We're raising hopes, providing free memberships, trainings, and sample policies that benefit communities nationwide.

As we prepare for our grand opening, we invite you to join us in this exciting new chapter. Here's how you can get involved:

1. **Become a Member:** Sign up for a free membership at <https://worldlibraryassociation.org/>. Your membership will give you access to our resources and community.
